About me:

I'm a **Creative frontend developer & UI/UX Designer** passionate about building user-friendly, responsive, and visually engaging digital experiences. With a strong eye for design and interation, **I blend creativity with modern frontend development** to craft solutions that are both **functional and aesthetic.**

Strengths:

- **Design + Development Balance** – My skills in both design and frontend development allow me to collaborate seamlessly with designers and developers, bridging creativity and functionality.
- **Creative Problem Solving** – Passionate about blending creative thinking with technical execution to build unique and effective digital solutions.
  Strong Visual Eye – Detail-oriented with a focus on typography, layout, and user-friendly design.
- **Collaboration & Communication** – Comfortable working in teams, explaining design ideas to developers, and turning technical requirements into intuitive UI .
- **Adaptability & Learning** – Quick to pick up new tools, frameworks, and creative techniques to stay aligned with modern trends.

Selected works:

mzverse – *A platform for digital creatives*(Next JS, Typescript)

Portfolio – 2025 (React, R3F, Framer motion, tailwindCSS)

Flexyourshots – *Gallery for showcasing photography* (React, Framer motion, tailwindCSS)

Achivements:

- **Founder of mzverse** – A *platform for degital creatives.*
- **Founder of mzco studio** – *Crearive design and development studio.*
- **Bachelor of Commerce (Honours)** – *University of Calcutta*
- **Advanced English Communication Course.**
